**Bristol**  
New Hampshire

For the Fiscal Year Ending  
December 31, 1987

## DEDICATION

**Luther K. Mitchell**

As a businessman, community leader and gracious human being, Luther K. Mitchell touched the lives of many and made Bristol a better place to live. He has left his warm character indelibly etched on the community he loved. Luther is missed but his presence is still felt and to him we dedicate the 1988 Annual Report.

## TOWN WARRANT

The State of New Hampshire

The polls will be open from 10:00 a.m. to 7:00 p.m.

To the inhabitants of the Town of Bristol, in the County of Grafton, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Old Town Hall on Summer Street in said Bristol on Tuesday, the 8th day of March, next at 10:00 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To vote upon amendments to the Bristol Zoning Ordinance as proposed by petition.

POLLS WILL CLOSE AT 7:00 P.M.

and further to take action upon the following articles at 7:30 p.m. Thursday, March 10, 1988.

3. To see if the Town will vote to authorize the modification and rehabilitation of the sewage treatment plant, and to raise and appropriate the sum of nine hundred forty thousand dollars (\$940,000.00) for the work, which is to be done under the supervision of the Bristol Sewer Commission. Funds to be raised by borrowing on the credit of the Town through the issuance of serial notes or bonds, under the provisions of the Municipal Finance Act (RSA Chapter 33 (SUPP.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said bonds or notes and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All serial notes or bonds issued hereunder shall be general obligations of the Town. In no event shall the amount to be raised through the issuance of said notes be greater than the amount appropriated hereunder less the amount of any grants or gifts received by the Town for said work.

Budget Committee—Recommended

4. To see if the Town will vote to authorize the renovation and expansion of the municipal office building, and to raise and appropriate the sum of four hundred thousand dollars (\$400,000.00) for the work, which is to be done under the supervision of the Board of Selectmen. Funds to be raised by borrowing on the credit of the Town through the issuance of serial notes

or bonds, under the provisions of the Municipal Finance Act (RSA Chapter 33 (SUPP.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said bonds or notes and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All serial notes or bonds issued hereunder shall be general obligations of the Town.

Budget Committee—Recommended

5. To see if the Town will vote to authorize the purchase of a new triple combination pumper fire truck, and to raise and appropriate the sum of one hundred twenty-five thousand dollars (\$125,000.00) for the purchase, which is to be done under the supervision of the Bristol Fire Commission. Funds to be raised by borrowing on the credit of the Town through the issuance of serial notes or bonds, under the provisions of the Municipal Finance Act (RSA Chapter 33 (SUPP.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said bonds or notes and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All serial notes or bonds issued hereunder shall be general obligations of the Town.

Budget Committee—Not Recommended

6. To see if the Town will vote to authorize the extension of water mains on and near Wulamet Road, so called, and to raise and appropriate the sum of seventy-nine thousand five hundred dollars (\$79,500.00) for the work, which is to be done under the supervision of the Bristol Water Commission. Any person or persons wishing to subscribe to water service from said water main may interconnect at the time of construction for a fixed fee of one thousand five hundred dollars (\$1,500.00) per dwelling unit served. Following installation, any person or persons wishing to subscribe to water service from said water main will be assessed a premium of one thousand five hundred dollars (\$1,500.00) per dwelling unit in addition to any and all regular Bristol Water Commission interconnection charges. The one thousand five hundred dollar (\$1,500.00) premium will remain in effect until January 1, 2009 or until the amount of seventy-nine thousand five hundred dollars (\$79,500.00) has been offset by the collection of premiums, whichever occurs first. This project is contingent upon the receipt of twenty-five (25) written agreements, to be received by the Town of Bristol no later than July 1, 1988, from persons committing themselves to interconnection at the time of water main construction. Funds to be raised by borrowing on the

credit of the Town through the issuance of serial notes or bonds, under the provisions of the Municipal Finance Act (RSA Chapter 33 (SUPP.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said bonds or notes and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All serial notes or bonds issued hereunder shall be general obligations of the Town.

Budget Committee—Recommended

7. To see if the Town will vote to authorize the purchase of a dump truck, and to raise and appropriate the sum of forty-three thousand dollars (\$43,000.00) for the purchase, which is to be done under the supervision of the Board of Selectmen. Funds to be raised by borrowing on the credit of the Town through the issuance of serial notes or bonds, under the provisions of the Municipal Finance Act (RSA Chapter 33 (SUPP.)), said notes or bonds to be signed by the Selectmen, countersigned by the Treasurer, and sealed with the Town seal, and delegate to the Selectmen the discretion of fixing the date, maturities, denomination, interest or discount rate, the place of payment, the form and other details of said bonds or notes and provide the sale thereof, and also to authorize the Selectmen to expend any interest earned from the investment of bond proceeds. All serial notes or bonds issued hereunder shall be general obligations of the Town.

Budget Committee—Not Recommended

8. To see if the Town will vote to raise and appropriate the sum of forty-nine thousand dollars (\$49,000.00) for the reimbursement of tipping fees incurred by commercial haulers for solid waste delivered to a solid waste disposal facility approved by the town from January 1, 1988 to December 31, 1988, inclusive. Reimbursement shall only be made on solid waste generated within the Town of Bristol and paid upon receipt of written documentation generated and signed by the operator or representative of the designated disposal facility. Each hauler shall provide the Town of Bristol a list of customers prior to obtaining reimbursement in calendar year 1988 and upon the subsequent request of the Selectmen. If a hauler is found to have requested reimbursement for solid waste not generated in the Town of Bristol, all reimbursements shall immediately be discontinued.

Budget Committee—Recommended \$41,000.00

9. To see if the Town will vote to raise and appropriate the sum of thirty-five thousand dollars (\$35,000.00) for the purpose of replacing the deck on the Central Street Bridge, so called, between Bristol and New Hampton, over the Pemigewasset River. Expenditure of these funds is contingent upon passage of a similar article by the 1988 annual meeting of the Town of New

Hampton, so that each town will pay one-half of the amount needed to replace the deck of the bridge, not to exceed a total of seventy thousand dollars.

Budget Committee—Recommended

10. To see if the Town will vote to raise and appropriate the sum of twenty thousand dollars (\$20,000.00) for the purpose of studying the future sewer needs of the Town, and to develop and submit alternatives and recommendations for meeting those needs. The study shall be done under the supervision of the Bristol Sewer Commission.

Budget Committee—Recommended

11. To see if the Town will vote to raise and appropriate the sum of one thousand six hundred ninety-six dollars (\$1,696.00) for the purpose of contributing to a local Household Hazardous Waste Collection Program, provided such collection is held in the Town of Bristol. This program will encourage the proper disposal of hazardous household products such as paint thinners, solvents, pesticides, and the like.

Budget Committee—Recommended

12. To see if the Town will vote to raise and appropriate the sum of four hundred dollars (\$400.00) for the purpose of supporting Twin Rivers Counseling and Support Services located in Franklin, New Hampshire, for costs of services provided to Bristol residents.

Budget Committee—Recommended

13. To see if the Town will vote to authorize the withdrawal from Revenue Sharing funds established under the provisions of the State and local Assistance Act of 1972 for use as offset against budgeted appropriations for the following specific purpose and in amounts indicated herewith or take any action hereon:

Police Cruiser

\$1,000.00

Budget Committee—Recommended

14. To see if the Town will vote to raise and accept the budget as submitted by the Budget Committee and raise and appropriate the sum of \$3,175,644.00 to be raised by taxation, inclusive of preceding warrant articles.

15. To see if the Town will vote to abolish the Police Commission as established by a vote of the Town at its annual meeting in March 1982, and vest the authority for the control and direction of the Police Department in the Board of Selectmen.

16. To see if the Town will vote to adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure. These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are

replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.

Submitted by petition.

17. To see if the Town will vote to rescind ten thousand dollars (\$10,000.00) of the authorization to borrow on the credit of the town for the purpose of purchasing the land and building at 67 Lake Street, as voted by the Town at its annual meeting in March 1986.

18. To see if the Town will vote to accept a parcel of land on Deer Run, so called, from Ralph L. Shackett, and to authorize the Board of Selectmen to take any other action relative thereto.

19. To see if the Town will vote to discontinue the portion of Wulamet Road, so called, from the southerly boundary of the parcel of land known as lot 28 to lot 16 on a plan recorded in the Grafton County Registry of Deeds at Book 848 Page 67.

20. To see if the Town will vote to accept a part of land known as lot 28 on Wulamet Road, recorded in the Grafton Country Registry of Deeds at Book 848 Page 67, and surveyed in 1953, meaning and intending to describe the same premises, and presently owned by Donald H. Turner for the purpose of building a cul-de-sac and raise money for same. If accepted the town would deed the portion of road now used from lot 28 to lot 16 to Donald H. Turner.

Submitted by petition.

21. To see if the Town will vote to authorize the Selectmen to study the creation of a Municipal Ambulance Department through the integration of the existing Newfound Ambulance Rescue into the government of the Town. Further, to authorize the Selectmen to take any action necessary to establish said Municipal Ambulance Department for the purpose of providing ambulance services to the Town of Bristol and other towns in the Newfound area.

Submitted by petition.

22. To see if the Town will vote to rescind the Kelley Park ordinance as accepted by the Town at its annual meeting in March 1986 and adopt the following ordinance pertaining to Kelley Park.

A. The Town of Bristol, under the provisions of RSA 31:39,I(a)(SUPP.) hereby adopts this ordinance for the care and preservation of Kelley Park. This ordinance shall supersede all other ordinances pertaining to Kelley Park.

B. All individual group activities must be scheduled through the Kelley Park Commission or its designated agent. The Kelley Park Commission is appointed by the Board of Selectmen. The park superintendent shall be

appointed by the Kelley Park Commission, and shall serve as the designated agent of the Kelley Park Commission.

C. The following are prohibited upon any part of Kelley Park property:

1. All alcoholic beverages.
2. All glass containers of any type.
3. All horses.

D. The following activities shall be permitted only with the prior written approval of the Kelley Park Commission or, at its direction, its designated agent:

1. The use of bicycles, roller skates, and skateboards.
2. The use or operation of any motorized vehicle except in authorized areas.
3. The parking of any vehicle on the grounds of Kelley Park between the hours of 9:00 p.m. and 8:00 a.m.
4. The use, entrance, or occupancy of any person or persons on the grounds of Kelley Park, including its buildings and structures, between the hours of 9:00 p.m. and 8:00 a.m.
5. Activities other than those designated in specific areas of Kelley Park.

E. Any person or persons found guilty of violating any of the provisions of this ordinance shall be guilty of a violation, as defined by the Criminal Code of the State of New Hampshire, and shall be subject to a fine not to exceed five hundred dollars (\$500.00) Each violation of any of the provisions of this ordinance shall be deemed a separate offense and shall be punishable as provided herein.

F. This ordinance shall take effect immediately upon its adoption by the Town.

23. To see if the Town will vote to discontinue the portion of Hall Road, so called, from the northwesterly corner of the current Ernest Robie property (M R-29, Lot 34) to the intersection with Hemlock Brook Road at the Four Corners, so called.

24. To see if the Town will vote to rescind the vote on Article 11 of the 1970 town meeting which provided that election officials or election workers paid less than fifty dollars (\$50.00) in any calendar quarter would be exempt from Social Security withholding for such services.

25. To see if the Town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes.

26. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept, and expend federal or state grants which may become available during the course of the year, and also to accept and expend money from any other governmental or private source to be used for purposes for which the Town may legally appropriate money, provided

that: 1) such grants and other monies do not require the expenditure of any other Town funds, 2) a public hearing shall be held by the Board of Selectmen prior to the receipt and expenditure of such grants and monies, and 3) such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided in RSA 31:95-b (SUPP.)

27. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 18th day of February, in the year of our Lord nineteen hundred and eighty-eight.

Edward M. Gordon  
William R. Phinney

## SELECTMEN'S REPORT

The Selectmen found 1987 to be both a challenging and a productive year. Although strategic issues involving growth continue to face the town, the services provided by the town are operating effectively.

The highest priority of the Selectmen is to manage the budget enacted by the voters. We are proud to report that the operating budget was not overexpended. This was accomplished despite continual pressure placed upon Department Heads by unanticipated needs or by a desire to accomplish more than expected.

Harold Haney was hired in 1987 to serve as Highway Supervisor. He brings with him a great deal of experience and he has already made a substantial contribution toward a planned highway improvement program. Major projects were completed by the Highway Department on Peaked Hill Road, Hall Road, Hemlock Brook Road, Fourth Street and in Camelot Acres. A very ambitious program for continued improvements has been outlined for 1988.

Reassessment was delayed by the State again in 1987. We have a firm commitment from the Department of Revenue Administration that reassessment will take place in the summer of 1988 to be effective for the fall tax billing.

Solid Waste removal continues to rise in cost. The Cooperative facility is currently under construction in Concord and we expect to be on line in August 1989. Although this will not dramatically impact current service, it will tend to stabilize costs and to provide a long term solution to an otherwise volatile situation.

Arrangements have been finalized for police dispatch out of Plymouth. All equipment has been acquired and secured and we are awaiting only on F.C.C. license to begin operation. This has been a long methodical process, but because of the importance of the service hasty decisions and corner cutting is ill advised.

The Planning Board adopted a Capital Improvements Program in 1987. This document forecasts the anticipated capital expenditures of the town over six years. This plan will assist the Planning Board in evaluating future impacts of development and will be a valuable tool for other town officials in the areas of planning and budgeting.

The Foot of the Lake Beach was maintained and attended by the Town in 1987. As awareness of its availability spread, it gained greater utilization throughout the summer. There are still issues to be settled regarding the interests of the abutting property owners, but we expect the beach to continue to be a valuable public asset.

We have worked over the course of the year to develop an acceptable building expansion plan for the town offices. We have moderated our

ambitious plan of 1987 to reduce cost and provide adequate parking facilities. Our revised plan will be presented at the 1988 town meeting.

We have made efforts to revise the town tax lien procedures. This would change the focus from private sale to one which would be more financially beneficial to the town.

The sewer moratorium has caused great concern for the Selectmen. We have worked with the Sewer Commissioners in support of their upgrade proposal and are involved in an effort to procure federal grant funds.

We expect that 1988 will see the Selectmen's agenda full of issues facing the town. Although we are proud of our accomplishments we are ever mindful of our role in maintaining the tender balance between keeping the cost of government low and providing for the needs of the community. We appreciate your support and understanding and we hope that we can earn your continued confidence.

Edward M. Gordon, Chairman  
William R. Phinney

**AUDITOR'S REPORT ON FINANCIAL PRESENTATION**

To the Members of  
the Board of Selectmen  
Town of Bristol  
Bristol, New Hampshire

We have examined the general purpose financial statements of the Town of Bristol, New Hampshire and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of Bristol, New Hampshire, at December 31, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly the financial position of each of the funds of the Town of Bristol, New Hampshire, at December 31, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Bristol, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose, combining, and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective funds taken as a whole.

### **Tax Collector's Report**

As your Tax Collector I would like to call your attention to a warrant article that will change the Tax Sale process to a Tax Lien process. I truly believe that this is a better way to handle delinquent taxes. This would eliminate the outside buyers who are just doing this for the 18% interest. The Town would execute a Tax Lien on the property and the Town would be able to gain by receiving all of the interest. It would eliminate the public posting of the delinquent taxes but the owner would still receive notification of the lien.

Last year the Tax Sale totaled a little over \$50,000.00 which could mean as much as \$18,000.00 in interest if they all went for the two year grace period. Also if the property owner could not pay off the lien in the two years, the Town would be more lenient than an outside buyer would be in trying to resolve the problem.

I hope you will feel that this is worth supporting and will cast your vote in favor of the new Tax Lien process.

Barbara L. Avery, Tax Collector

## BRISTOL SEWER COMMISSION

As many of the residents of the Town of Bristol know, the Town Sewer System was placed under a "new connection" moratorium by N.H. Water Supply and Pollution Control Division in May, 1987. This action was necessitated due to the fact that the plant was designed to handle a maximum flow of 235,000 gallons per day and is now handling an average of 250,000 gallons per day. In order to remove the Town from this moratorium situation, an upgrade of the Treatment Plant to increase capacity to 500,000 gallons per day is required. An engineering study has been completed to specify the amount of work and associated costs. A warrant article is presented in this report pertinent to the matter.

In 1987, it has become apparent that an examination of the method of sewer rate determination should be made. This will be the subject of an Engineering Study which will be funded from the 1988 operating budget.

An on-going study is being conducted by the Newfound Lake Region Association in co-operation with the University of New Hampshire to record changes in water quality of Newfound Lake. Results of this study are available through Mr. Peter Brown, Mrs. Ann Worthen, Mr. Milt Radimer and Mr. George Park.

Mr. Paul Rockwell, who has served 10+ years as a Sewer Commissioner, will retire as of the 1988 Town Meeting. Paul, we wish you well and thank you sincerely for your contribution to the Department.

The Bristol Sewer Commission has had good cooperation with all other Town functions throughout the year to solve common and departmental needs.

On April 23, 1987 John MacEachen joined our Department as Sewer Superintendent. The Department is very fortunate to have John as a team member. Welcome aboard John, we look forward to working with you for many years.

## BRISTOL SEWER COMMISSIONERS

John Bianchi  
Everett Hackett  
Paul Rockwell

February 1, 1988

## SUMMARY OF PAYMENTS

### 1. General Government

a. Town Officers' Salaries	37,189.35

**Minot-Sleeper Library**  
**Report of the Board of Trustees for the Year 1987**

The circulation of books for 1987 is listed below:

<b>ADULT</b>	
Fiction	4,679
Non-fiction	1,454
<b>JUVENILE</b>	
Fiction	2,251
Non-fiction	715
<b>PAPERBACKS</b>	
Adult	1,170
Juvenile	212
<b>MAGAZINES</b>	1,522
<b>INTER-LIBRARY LOAN</b>	362
<b>INTER-LIBRARY BORROW</b>	3
<b>RECORDS</b>	4

The Library is grateful to the many volunteers who assisted in the children's reading and story-telling hour. These programs were very well received, and continue to be an important activity during the summer months.

The Trustees hope to have the new Reader-Printer machine in operation during 1988. This will be of great service to many Library Patrons. It will preserve for posterity many valuable records which are becoming more and more fragile. Needed space will become available as items are placed on micro-film.

As in the past, the annual book sale was held July 4th. This sale is of dual purpose—to establish space for newly purchased books—to provide funds to generate new purchasing power.

During 1987 the Library added 414 new books to circulation. Many of these were gifts. The Trustees offer their sincere appreciation to all those who were so generous and thoughtful.

Please note the following Library schedule of hours:

<b>MONDAY</b>	<b>1PM-8PM</b>
<b>WEDNESDAY</b>	<b>1PM-8PM</b>
<b>SATURDAY</b>	<b>10AM-5PM</b>

M.W. MacPherson, Chairman  
 Trustees of Minot-Sleeper Library

## NEWFOUND AMBULANCE RESCUE 1987 REPORT

Newfound Ambulance Rescue experienced the busiest year yet on record, in providing service to Bristol and the surrounding Newfound Area including the Towns of Alexandria, Bridgewater, Danbury, Hebron, and New Hampton.

There were a total of 432 calls during 1987, an increase of 67 over the year earlier. This is a very significant upward change, as increases going back two prior years were only 32 and 17 respectively. For the Town of Bristol there were 183 calls up from 161 the year before. A breakdown of the number of calls per town is shown below.

Early in the year attendants were trained and certified in the use of our new Defibrillator (a potential life saving machine for victims of heart attacks). Placed in service early March, the Defibrillator saw two actual uses during the year, one of them resulting in a medically recognized "save". To complement the Defibrillator a Lifepak 5 Cardiac Monitor was placed in service early summer enabling us to visualize and record on paper tape a patient's E.C.G. enroute to the hospital.

Efforts are ongoing to improve the level of care we can offer the residents and visitors in our service area. In addition to the examples in the preceding paragraph, progress has been made in replacing and improving equipment. Most important in this regard, however, are the E.M.T. attendants that staff the ambulances, a small but dedicated group that strive to enhance their training and upgrade to advanced levels of certification. They deserve your support.

Newfound Ambulance Rescue is always on the lookout for new attendants. As the activity grows we need additional help. If you might be interested in becoming an ambulance attendant or know someone who could be, please contact Roger Pedersen at the Bristol Town Offices for more information.

Alexandria	45
Bridgewater	28
Bristol	183
Danbury	34
Hebron	21
New Hampton	85
Others	36

**Special Note:** Your support is needed at the Town Meeting this year. You probably have noticed that there is an Article (no. 00) in our Warrant concerning the Ambulance. In the simplest terms, this Article would legit-

imatize what the Town has been doing the last 3 years in providing support for the Ambulance operation. Passage is crucial to continuance of Ambulance service at the present very low cost to the Town. If you have questions or desire more information on this please contact Roger Pedersen.

## CONSERVATION COMMISSION REPORT

Our ranks were increased to six with the addition of Harriet Newell to the Commission in July.

The Breck-Plankey Spring remains in a healthy condition and is one of the most popular spots in town, though some users find it a convenient place to discard refuse from their vehicles.

Each year we continue to monitor "Tunnicliff Farm" — The Catterall Property, of which the town has a Conservation Easement and it is our responsibility to have the fields mowed each fall.

We support the Pemi-Corridor Plan as well as having the Pemi declared as a "Wild and Scenic River".

Our Wetlands Mapping will be completed by early summer with the skill and expertise of Barry Keith Associates who did such a great job for the Town of Tamworth.

It has been very frustrating to attend hearings in opposition to actions and abuses that we find in and around the lake, that in too many cases, fines that have been levied are either lowered or dropped. One of the problems being the lack of personnel in the field — i.e. one inspector for 214 cities and towns.

We hope that we will have a youth or two attend the annual conservation camp for a week this summer, under a full scholarship from our commission.

Three members attended the annual meeting of Conservation Commissions in November held at Concord.

Respectfully submitted,

The Bristol Conservation Commission

Barbara DeAngelis

Harriet Newell

Maynard Dow

Mason Westfall

Sam Worthen

John Hetzel — Chairman

## BRISTOL WATER WORKS

The Bristol Water Works continues, at an ever expanding pace, to try to keep abreast of the system growth. We are no longer a simple small town facility furnishing water to just a few satisfied customers. Ours is a major water supply that rivals some of New Hampshire's larger towns and cities in the total amount of water delivered (in gallonage). In order to help you understand this growth, we are listing below some data which illustrates the 284% growth in customers we have amassed since 1982.

350 metered services in 1982

679 metered services in 1984

768 metered services in 1985

904 metered services in 1986

992 metered services in 1987

We also have approximately 101 additional customers waiting to be connected in 1988.

Due to this tremendous growth, the department must rely upon responsible engineering planning and development to assist the Commissioners. Presently we are utilizing the services of RistFrost Associates of Laconia, N.H. We have recently received a Water Rate Structure Study from them. The results and their recommendations will make a significant and equitable impact on customer support of our overall operation.

We must continue to study our current supply and distribution needs, not only with regard to our present demands but also looking toward our future needs. The building "boom" has created severe and taxing demands on the entire system. Associated with this, we are requiring that applications for all new multiple connections be reviewed (at the applicant's expense) by the Bristol Water Works engineers as to the impact these customers will make to our system.

In addition to our regular monthly meetings, your Commissioners have held ten (10) special sessions at the Water Works Office and conducted many informal meetings on site development locations throughout the Town.

The Bristol Water Works has not expanded into serving any adjoining towns and this type of expansion is not being considered in the near future.

Two significant expansions of the system were completed during the past year. The first was the laying of over a mile of water mains, hydrants and service connections in the Shackett's Mountain View Estates Development off West Shore Road at the developer's expense and under our supervision. An initial pipe line was installed at Wulamet Road from the Camelot

project at no expense to the Town. Further extensions from the Wulamet project are the subject of a Warrant Article for the 1988 Town Meeting.

On April 23, 1987, we welcomed John MacEachen as the Bristol Water Works Superintendent. The Town's people will benefit from John's expertise. We are all very proud to have John as part of our team.

**REPORT OF THE TOWN FOREST FIRE WARDEN  
AND STATE FOREST RANGER**

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

**1987 Forest Fire Statistics**

	Number Fires Statewide	403
	Acres Burned Statewide	189
	Cost of Suppression	\$ 44,682
	District Number of fires	38
	Acreage	10 acres
Town	Bristol	1 fire
		¼ acre

		Forest Ranger

## BRISTOL FIRE DEPARTMENT

The Bristol Fire Department wishes to take this opportunity to summarize the fires and their activities for the past year.

The department responded to 94 calls this past year. There were 4 structural fires, 14 chimney fires, 21 Mutual Aid or out-of-town calls, 6 car or truck fires, 7 gas or oil washdown, 3 smoke investigations, 2 false alarms, 15 Dial alarm or smoke detector calls, 3 electrical fires, 1 dumpster, 2 furnace or motor fires, 1 small brush fire, 1 call for the Jaws-of-Life, 3 medical calls, 2 auto accidents, 2 wires down, 2 transformer fires, 1 cement washdown, 1 mattress fire and 3 miscellaneous calls.

This past year the department put a deck gun on the American LaFrance truck. This will help in the square if a major fire ever occurred. The Company also bought two 45 minute air tanks for the Scotts. This will help give additional air for those using them. They also bought a four channel portable radio with a charger to replace one that had gone bad.

Weekly training has continued and several more have completed the Firefighter 1 course. Two other members also completed classes on the use and care of the Scott Air Pac. Others also completed a CPR course. The department with the help of several other towns burnt the former Preble house on No. Main Street. This was done at the request of the Town and also provided practice for the Firefighter 1 course. Training also continued on the use of the Jaws-of-Life. This piece of equipment has already been used several times since it was donated to the department.

Again this year the Company put up the Xmas lights and took them down. Additional lights were added and it is hoped that more will be added next year. Fire calls remained about the same this past year as in the previous one. This was due mainly to the chimney fires, dial alarms and faulty smoke detectors. We are hopeful that with everyone's cooperation that this next year will be quieter, especially as the department is low on manpower.

Raymond A. Greenwood, Clerk

### FIRE COMMISSIONERS OF BRISTOL:

Kenneth P. Brown

Ernest H. Glines

Stephen Q. Curley

## **BRISTOL PLANNING BOARD**

1987 was a very busy year for the Planning Board. The Board still meets on the fourth Wednesday of every month for Preliminary and Abutters hearings. Due to the work load this year the Board has also meet on the second Wednesday of the month. There have been many requests for Subdivisions again this year. Along with the Subdivision Regulations, we also had to keep in mind the Capitol Improvements Program which was voted in by the people last year.

Since this past summer there has been a moratorium on the sewer system. This has caused some delays and many questions to those who are wishing to subdivide. It is a very serious problem and must be addressed to help provide the town with a better service and to help those who do wish to subdivide.

We are looking ahead to another busy year in 1988. As the town grows, the Planning Board will have to look into other programs.

I would like to take the time to thank all those who helped in implementing the Subdivision regulations and the Board members. A special thanks to Matthew Greenwood who has been a member of the Board for several years which includes the position of Chairman.

Thomas Belser, Chairman

## **BRISTOL ZONING BOARD**

The Bristol Zoning Board meets regularly during the month. On the third Wednesday of each month they listen to applicants and abutters' requests pertaining to Zoning. There have been many requests for Variances and Special Exceptions this year, and a great many hearings for the abutters pertaining to each request.

1987 was a land mark year for the Town of Bristol and the Zoning Board. Since the adoption of the Zoning Ordinance, the Zoning Board was able to turn its full attention to the enforcement and development of Zoning Regulations. The major emphasis is to be the protection of the present and future land owners.

The Bristol Zoning Board would like to take this time to thank all of those involved in helping to make Zoning work for us. As with any Board or Commission, it takes the support of the people to make for better management of growth in a community and the town of Bristol is an example for other communities to follow.

Thomas Belser, Chairman

## POLICE DEPARTMENT REPORT

Below is a list of statistics of several areas handled by the Bristol Police Department in 1987.

### Police Department 1987 Statistics

#### COMPLAINTS

Arson	1
Assaults	10

#### SECURITY:

Burglary Alarms Answered	111
Open Business Doors	126
Total Miles Driven	85,568
Total Gas Consumption (Gallons)	7,880.2

## POLICE COMMISSION REPORT

The Bristol Police Commission submits the following report for the year 1987.

Turning to the state of the Department, the Commissioners would point with pride to the activities and accomplishments of the Department during 1987. Faced with a continuing increase in demand for services on the Police Department, we were able to continue our existing radar enforcement program which will help assure reasonable speed-control within the Town of Bristol. There has been a noticeable increase in motor vehicle traffic during the past two years within the Town and we expect this activity to continue in the future. In addition, the Department embarked on new projects, such as the Officer Friendly Program in the elementary school system which appears to have been extremely popular with the children. The Commission is committed to continuing the successful programs instituted in the past and would like to add more programs in the future.

Law enforcement is one of the prime directives of the Bristol Police Department. The abuse of drugs and alcohol is a problem that faces all of society. Substance abuse causes loss of time and productivity in business, it costs substantial amounts in hospital and rehabilitation expenses, as well as it takes lives and ruins families. The Bristol Police Department has subscribed to the theory that strict law enforcement will ultimately result in voluntary compliance to laws. The voluntary compliance ultimately reduces loss of lives in traffic accidents and drug abuse. The Bristol Police Department has made a commitment that alcohol and drug abuse will be controlled. Increasing demands for manpower and resources to combat this problem will be met by the Bristol Police Department. This is a challenge which we will continue to work towards.

Growth and development in the Bristol area have placed a burden on the capacities of the Bristol Police Department. It is hard to attract and hire good, competent, personnel for the Police Department; it is important once this is accomplished and personnel are trained and working for the town that everything within reason be done to retain these officers. If the Police Department is going to continue to be able to fulfill its responsibilities of providing adequate law enforcement services to the Town of Bristol, then it must have an adequate operating budget and also adequate Police working facilities to do so.

The Commission wishes to thank you for your support and concerns in the past and to solicit your continued interest in the future. With your support, the Commission believes it can provide good quality law enforcement to the Town of Bristol.

Respectfully Submitted,  
Bristol Police Commission

Carroll M. Brown, Chairman  
Robert E. Day, Commissioner  
Everett S. Hackett, Commissioner

## BUILDING INSPECTOR'S REPORT

During the year there were a total of 148 building permits issued for quite a wide variety of projects and reasons. This compares with 143 permits issued in the prior year.

Total income from the permits issued was \$3,305.00 with an average of \$23.33 per permit. For comparison, like figures from the year 1986 were \$2,950.00 and \$20.63 showing a small gain.

A breakdown of the 148 permits issued shows the following:

42 new single family residences
4 new multi-family buildings with a total of 8 living units
9 new garages (free standing) 15 stalls
11 condos having 18 living units
11 commercial permits
27 additions to existing structures
32 renovations (includes 2 multi-family buildings containing 20 living units
6 storage and/or shed buildings
3 mobile homes sited
1 barn
<u>2 miscellaneous permits</u>
148

Building Permits are required for all new construction, additions to existing structures, renovations that upgrade or change the use of the space, siting of a mobile home, and in general any construction estimated to exceed \$500.00 in fair market value for labor and materials.

Permits expire two (2) years from the date of issuance and are renewable provided 25 percent of the work is completed each year. Permits are null and void if construction is not started within six (6) months of issuance. Permission to build shall not be in effect until the application has been approved and a permit issued.

Additional information and assistance is available by contacting the Building Inspector at the Town Offices.

Roger Pedersen  
Building Inspector
